RE: Abbey Road Studios Wins At The Grammy

Dear B&W Dealer:

We are pleased to announce that Abbey Road Studios won “Best Historical Album” for the remastered Beatles albums at the recent Grammys. The studio also won a BAFTA (British Academy of Film and Television Arts) for “Best Original Score” for The King’s Speech movie soundtrack.

Of course, B&W speakers are the preferred studio monitors at Abbey Road studios and Studio Two was recently updated with 800Ds as seen in the accompanying photograph.

Sincerely,
Scott Rundle
