EDITORS CHOICE AWARDS - LUCKY SEVEN!

Each year, The Absolute Sound publishes their Editors' Choice awards.

As they state themselves, "these are components that we ourselves would buy - or recommend to friends and family."

The High-Performance Audio community features many wonderful brands, and The Absolute Sound recognizes the products they feel most strongly about.

Winning an Editors' Choice award is a significant honor. Winning **SEVEN** such awards is...let's just say we are humbled, and we appreciate that the editors at The Absolute Sound feel so strongly about what our engineers and designers have achieved.
