BRYSTON

MEMO

MARCH 2024

The Oslo hi-fi show is over and we got a lot of attention.

The Bryston Model T-10 speaker is a completely different class when it comes to sound, and by that I mean 'sound'. This is probably the best thing I've ever heard. The potential of the Bryston Model T-10 is in a completely different league when it comes to bass.

The dynamics are so absolutely fantastic, you can probably only say one thing, congratulations on a solid job at the Bryston factory.

I must thank everyone who helped me with the fair in Copenhagen and in Oslo, two wonderful weekends that none of us will forget.
